Approval expiration date: **September 29, 2007**

**PRIVATE EDUCATIONAL NETWORK  
350 W JULIAN ST BUILDING 5  
SAN JOSE, CA 95110**

Your Authorization/ Requisition for Driver Instruction Forms has been received and approved. Based on this approval, supplies and completion certificates will be issued to your school until the expiration date indicated above.

Due to continuing problems with submission of fraudulent certificates, the department has instituted new procedures to ensure that only valid certificates are accepted as the basis for issuance of a driver license. Your school has been issued a unique identifier number to enable the department to track certificates. (This number is indicated at the top of the letter) This number must be included on any completion certificate issued by your school. Until the completion certificates are revised to include a place for this number, please have your instructors include the number after the school name.

Our field offices will be instructed to refuse any completion certificate issued after January 1, 2003, that does not contain this identifier number.

In addition, please include the identifier on any future correspondence with the department.

If you have any questions please don't hesitate to call me at (916) 229-3150

Sincerely,

*Tom Boone*

TOM BOONE, Motor Vehicle Technician  
Occupational Licensing, Driver Education Unit
